Pamela's World! Hello my friends,
Today I was driving in Apple Valley, I hit 2 pot holes on the same block. After I caught my breath, I pulled over & stopped, got out to check my tires, front end & of course myself, good news. I did not shift myself & the car is ok! I would like to take the Mayor / city council on a road trip. We can use their vehicles. Lets call this game "Show & tell" I'll show you the roads & You tell me - When your going to fix it! The people are tired of excuses! Talk is cheap lets see some action. WHO IS WATCHING WHO? I would say The government is stepping on each other, passing the buck. lot of folks say the government is full of crooks. I'm confused why was the Mafia called " Organized crime" When our government is pretty much still doing the same thing. I think it's more like unorganized crime! Who thought it was a good idea, to spend \$ Millions of dollars on a bridge that still takes you to Bear Valley. I thought the idea was to avoid any more problems. That money would have fixed & repaired So many streets. WHO IS WATCHING WHO? Here's a little humor. by a 10 yr. old Do you know how to make holy water? You boil the Hell out of it! Don't forget to laugh, it's great for the soul until next week.
LOL little sis Pamela

Aren't you concerned about what the public thinks about you making California a sanctuary state?

Are you kidding me? After we have spent decades brainwashing the public, they will support anything without question.

When Government does what it wants without accoutability

**FROM THE EDITOR!
 "UNSPOKEN THOUGHTS"**

The world is losing what is left of it's mind! We have people who have made millions entertaining us and they want to protest about how bad they are treated. The insane are now acquiring nuclear technology and are happy to blow us off the face of the earth. We have sexual predators in Hollywood who are given a pass for decades for their assaults on women. We have Hillary Clinton who is still in denial and hoping to make more money off her pathetic book "What Happened?". The media is still looking for word that Mueller has found the Russian collusion. I mean after all, he has the top contributors to Hilliary Clinton and Barack Obama's war chest when they were on the campaign trail. We have college students who need a safe space to cry because Hillary lost. We have Antifa who is happy to attack any conservative individual, in a wheelchair or not, for voting for Donald Trump. Trumps ex-wife is now pushing a new book that she has written. Late night TV is all over the shooting that happened in Las Vegas and how we need to out law firearms completely!

Our founding fathers did not take the Second Amendment lightly. The reason we have the Second Amendment is not so hunters have guns when hunting season is here.

The Second Amendment is in place so an individual has a means to protect themselves and their family. The primary reason for the Second Amendment was to insure that the average citizen had the ways and means to protect themselves from government getting out of control and abusive of it's citizens. All the countries that have removed guns from it's citizens for their (wink, wink) safety have become corrupt, out of control dictatorships that we are now having to deal with. Think it over twice before you buy into the crap about Americans no longer needing firearms for protection!
