**FROM THE EDITOR!  
 "UNSPOKEN THOUGHTS"**

Everyone is talking about the Presidential Debate # 1. Romney came out strong, direct and composed. Obama, came out weak, unsure and intimidated. The next round of debates, we will see Obama swinging hard and probably trying to hit below the belt! Everything that Romney threw at him Obama flinched. You could see in his body language that he had been called out with the fact that he has done nothing his first term except run around pandering for more votes and donations. He is very good at raising money, that I do not doubt. However, you never hear any of the RICH LIBERAL SUPPORTERS talk about how they are looking forward to Obama helping them redistribute their wealth. Have you noticed that RICH LIBERALS point the finger at Rich Conservatives and expect them to apologize for their success! Locally, the rise in gasoline prices in the last few weeks has finally drawn attention from a few elected officials. Feinstein and Boxer are coming out with the normal saber rattling about mounting a full investigation into fraud on the part of "Big Oil"! Why 5 years ago, when I brought it to their attention, we were being ripped off by the oil companies that caused our so called "Mortgage Meltdown" I was told that I didn't understand how the economy works. Everyone, including talk radio Guru Charles Pain, told me that I was grossly misinformed. I was even told that I should have planned better for my "Golden Years". This time it is only California who is getting screwed. The last time the oil companies got away with this stunt was under George W. Bush. If Romney gets elected we will see the price drop. Then it will slowly climb back where it is to see if he objects! This also happened when Obama won his election!
