**FROM THE EDITOR!  
"UNSPOKEN THOUGHTS"**

Well you asked for it and you got it! California is now officially a one party state! The Unions have made sure that you will keep digging deep in your pockets. This was a very easy task, seeing as how they own the politicians in Sacramento. Prop. 30 passed hands down, Gov. Brown did a great job on selling it. The part that I find to be most interesting is that right after it passed one of the administrators at one of the schools announced that we will have to figure out how to cover the deficit coming up in January 2013. Silly me, I thought that Prop. 30 took care of that shortage. Prop. 32 got shot down, which was fought by the Unions. It was important to the Unions that this one fail, it would have made it more difficult for the Unions to keep Politicians voting on the issues in their favor. Nationally, the Democrats made sure that you will be sending the money that Brown didn't take from you to Washington, D.C.. I don't know if we are going to have a Brown Christmas this year or a Obama Christmas this year. I think that times are going to be lean and that jobs will continue to be scarce. One thing that I did find very interesting this last week is the Corporation 2K, I think they are the ones who created "Call of Duty" will be leaving California and setting up shop in Las Vegas. Las Vegas is making it easy to move to their town and set up shop. In the next couple of years, more and more Corporations will be heading out. I think that they read the writing on the wall and know that if they stay in California they will go broke. Well on that note, a happy thought for you. Thanksgiving is next week and I HOPE YOU HAVE ENOUGH CHANGE LEFT IN YOUR POCKET TO AFFORD TO HAVE A GREAT ONE!
