FROM THE EDITOR!
"UNSPOKEN THOUGHTS"
I would like to hear your thoughts 760-298-0902

I was watching the events of the last year on the news, and forgot about many of the stories that caught national headlines. It has been one hell of a ride. During the Christmas sales all I heard from media and government was how wonderful the economy was moving forward and that sales were higher than last years. Well now the reality, sales figures were up because with all the great discounts and bargains we were able to purchase more for our money. Now the down side is that there was no great economic turnaround, Sears and Big K-mart are going to close several hundred stores because sales and profits were not enough to justify keeping these stores open. 365,000 fewer people applied for unemployment, hip hip hurrah, except the reality is that there are just fewer jobs left in our country to fire or lay people off from. And with the great 9. what ever jobless in the country, these numbers do not reflect the people that have fallen off the record and have given up on finding work. I will say that we did have some good come in the last week. Our first lady (notice no caps) flew to Hawaii before our president (notice no caps) and then he followed. The cost of them traveling separately cost the American Taxpayers a small fortune. When are the American People going to put their foot down and demand that this hypocrisy end. All elected officials had a great Christmas and I am sure spent a small fortune on gifts for their families. I would like to know how much the everyday person was able to spend. I would say less than 5% of what government pissed through.

In the next two weeks the elections for Republican Nominee are to take place. The media and other politicians are scared out of their little pea picking minds that Ron Paul is going to KICK THEIR ASSES! His message, this time round, seems to actually hit the minds of the American Citizens. I think that as a Dark Horse, he has the potential to be running against Jive Chimp Obama, I meant to say Chump, sorry. I know that I will get lots of hate mail over that slip of the finger. To tell you once again for all of those who label me a racists, I am a nationalist. It seems that good old Buzzard Breath Brown, since he is back to finish off California since he was last Governor, should be proud of the way he is leading the charge to change California from a Republic to a Socialist State. His ban on open carry firearms goes into effect on the 1st of January. Next I would not be surprised if he and the other BASTARDS in Sacramento make it illegal to own a firearm. You know that the biggest fear that government has is when the average citizen has the ability to defend themselves. I think that the roller coaster ride is just starting to pick up momentum, so hang on to your hat or your ass (in case you don't wear a hat) and brace yourselves for that fast, hard, sudden drop. I have kept close watch on what the economy hasn't done. Do you realize with the Chinese buying up all the world debt that it will be their currency that becomes the world dollar. Well on that note I would like to wish everyone a "HAPPY NEW YEAR", stay safe and I hope that we will see a good change in the coming year!
