**FROM THE EDITOR!**  
**"The Week In Short!"**  
 I would like to hear your thoughts 760-298-0902

The announcement came this week that I have been warning you about, the media says that by Memorial Day the price of regular gasoline might reach \$5.00 per gallon regular. This increase in price will finish off the small businesses that survived round one. There will be a new wave of businesses closing, rise in unemployment, and record high forclosures. The plan is to destroy our economy and get the American Citizens to embrace the North American Union.
